

## **This Week**

1. Successfully relabeled and converted our data to work with the HCN-PyTorch model, including adapting from Action ID to Person ID
2. Worked with Meghan, Joe, Alex on ways to further "stretch" our data
3. Received and began reading GAN documentation

## **Next Week**

1. Try the various methods we discussed to stretch data
2. Review GAN code and become adept with it.

## **Future**

1. Continue meeting with Dr. Khan, Alex, Joe, Meghan to help decide further progress for the project.
